Frequently Asked Questions

What does it mean to say a petition has or does not have “General Church Budget Implications”?

A petition that causes the need of funding (i.e.; creation of new program, staff position, requirements of support, etc.) through the general church apportionments has “Financial Implications” for the procedural purposes of General Conference. This causes a review by the General Council on Finance and Administration (GCFA) to verify if the funding has already been included under the recommended quadrennial budget or if this requires new funding not currently in the quadrennial budget. A petition that does not cause the need of funding, or that causes the need of funding from some other source (local congregation, district, annual conference, jurisdiction, etc.) than the general church apportionments does not have “Financial Implications”.

What does it mean to say a petition has or does not have “Global Implications”?

A petition that causes a change to the *Book of Discipline* or the *Book of Resolutions* or otherwise takes some action or position for the denomination has “Global Implications” if it:

- Is a constitutional amendment.
- Has a direct effect on the global work of general agencies.
- Places requirements or expectations on all annual conferences, districts, or churches regardless of whether they are located in Jurisdictions or Central Conferences.
- Speaks to societal concerns regardless of the particular form of secular government.

This indicator will assist legislative committee officers in prioritizing the consideration of petitions by the legislative committee.
